WHERE ARE YOU GOING TO HAVE THE PARTY??

Will this be a home party? Would you rather go a park or recreation center? Will party be inside or outside?

If you think you would rather leave the clean-up for someone else, you should book this as far in advance as possible to avoid disappointment. The same goes for professional entertainment, book now and get who you really want!

Games are an important part of any children's party. Here are a few ideas for your next party:

POW!

BALLOON RELAY RACE

Before the party, inflate about three balloons per child. Divide the guests into two teams. Each kiddo runs to a pre-determined point, sits on a balloon, pops it, and runs back to tag the next runner. The first team to pop one balloon per child wins the race. BE SURE to have prizes for both the winners and the second place team. The reason for the extra balloons is to allow a re-run if the kids enjoy it a lot!

The Treasure Hunt!!!

Kids really love this game! Hide prizes all around a room or outside and tell the kids to find them. Give them goodie bags to put their loot in and that will save you time with filling them yourself! Make sure everyone gets their fair share by making some things very easy to find, especially for the smaller ones.

PIN THE TAIL ON THE DINOSAUR!!!

Why not update the classic game, and pin a tail on a dinosaur. Just draw the parts yourself- anyone can draw something close to a brontosaurus!

Fun Food for Kids & Friends!

One lesson that parents learn early is that kids eat what they like! Here are some ideas to make what they like even more fun for that special party:

Hot Dog People!!!

This is an easy way to make a hot dog even more appealing. Just cut the wiener

along the sides and shape into a person and when you cook it, the dog will grow arms and legs! Decorate with mustard or ketchup eyes and mouth.

Pizza!!!

Children love pizza! The easiest way to serve it is to cut it up in bite-size squares. That way the smaller children can handle it and less gets wasted.

Cupcake Cones!!!

Fill flat-bottom ice cream cones $\frac{3}{4}$ full with cake batter, bake, ice and decorate. Easy to serve, eat, and NO DISHES! (The batter rises to fill the cone.)

The Birthday Cake...

I suggest that you buy a small cake, just big enough for the family.

Use this to light the candles and sing "Happy Birthday", then serve individual cupcakes to the guests.

By saving the real cake for the family dinner hour, the whole family can share the birthday cake, a much appreciated plus!
